John McNeil writes poetry.

The Sentinel publishes poetry this week.

John McNeil was in town last week.

The Sentinel has published John McNeil's poetry.

John McNeil is a Republican candidate for State Senator.

Col. Rempel and wife are visiting in Cincinnati this week.

Turtle Soup at Yank McCarty's every Saturday night.

The Hocking County Fair opens to-day and will close on Saturday.

Miss Emma Dollison is very sick with malarial fever.

Albert Leonard, one of our most accomplished teachers, is attending college at Athens.

Frank Wheeler of Detroit, spent last Sunday in Logan. He reports the coal trade reasonably good.

Leh Carol was in the city on Monday, to see Bob Keyes. The mill hands must have more mill feed.

Beany Brown of Gore, Jupiter Tonnard in the Columbus Journal again last week. Beany is very loud, but is harmless and inodorous.

Mrs. Annie, wife of Wm. Leonard of our town, died on last Saturday. Her remains were interred in the cemetery in Green town ship.

Attorney Schwehart and Jacob Karsner of Adelphi, were in the city on Monday last week, attending to business before the Probate Court.

The last Quarterly Meeting of Conference year will be held at M. E. Church next Sabbath. Services conducted by Rev. S. A. Keen, Presiding Elder. Quarterly Conference, Saturday night.

Bob Stalter and family have removed to Stratinsville, where Mr. Stalter is engaged in operating a coal mine.

Mrs. John A. Shaw, who has been in feeble health for several months past, is improving, and it is hoped will soon be well again.

Emory Morris, of Chicago, one of the most eminent lawyers of the West, did last Saturday. He was the school mate and life long friend of Mr. D. H. Willard, of our town.

The many friends of Miss Stella Bain, formerly of this place, but now of Colorado, will be sorry to learn that she has been suddenly stricken with malarial fever and is unable to rise at this minute.

Drs. Mansfield and Cables were called to Millville last Tuesday afternoon, to dress a fractured thigh for Henry Troxal, of that place.

Mr. Pat Sullivan, one of the prominent Democrats and popular business men of Stratinsville, accompanied by his wife, visited in Logan on last Monday.

Dr. Williams still continues in feeble health, but his friends are encouraged to believe the old soldier will soon be able to be out and about again.

Master Johnny Roller is the latest member of the Sentinel staff. Johnny is a good industrious boy, and as his name indicates, is a good Roller boy.

Mr. Harlow White has got a boat load of Drain Tile. The use of tile on log lands has doubled the fertility of the land, and every farmer who has wet and marshy ground should take advantage of the opportunity now offered of cheap tile, to secure a supply.

The Reading Room in the City Building, under the direction of the W. C. T. U. will be closed for the present. The young men of our town have not appreciated and improved the opportunity offered them by the ladies as they ought, and for this reason it was deemed unnecessary to keep the room open longer, at least for the winter.

The Prohibitionists of Athens county held a mass meeting at Athens on the 25th of September.

Rev. A. R. Leonard, Prohibition candidate for Governor, and M. Y. Farming, of Michigan, will address the meeting. Arrangements have been made with Columbus, Hocking Valley & Toledo, Railroad for reduced rates from Logan to Athens on that day.

Rev. John McNeil, of Lancaster, Republican candidate for Senator, is in the city on Monday, seeing Doug Brooke. Mr. McNeil is a very worthy gentleman a good lawyer, an enterprising citizen. But he cannot be Senator. He votes the Republican ticket, and writes the house poetry.

Banns of matrimony of Mr. Gus. Smith, of Logan, and Miss Cecelia Ferguson, of Cedar Grove, were published at St. John's Catholic church in Logan, on last Sunday. The young couple will be married at 8 o'clock, at the church, September 29th.

## Gov. Hoadly in the Hocking Valley.

He will speak at Nelsonville, Thursday, 24th.

Gov. Hoadly and Congressman Converse and Gen. Sam. Carey will address the people of the Hocking Valley at Nelsonville, next Thursday.

Gov. Hoadly has shown himself the friend of the workingmen. He proposes to discuss issues pertinent to every man who possesses a dollar and who strives to make a living by his work.

The meeting will be the largest ever held in the Valley. Excursion rates will be given on the railroad.

Logan will send a delegation of several hundred.

Bills giving particulars will be published in time.

Mr. George Hooker and wife, of Hooker's Station, visited in Logan on last Sunday, the family of his brother-in-law, C. M. Gould. Before returning home, Mr. Hooker scoured the 4th ward in a search for cats. In his neighborhood cats are scarce and command a premium.

He took with him a cage of felines, about fifty, judging from the results that distressed the quiet of the Hocking Valley as his caravan passed. The next time Mr. Hooker visits the Valley, we make the guess that he will want to take home with him a load of brick bats, boot jacks and old shoes. Necessaries accompaniments of a cat man's life.

The Gazette of a recent date says: "The Sentinel is abusing Mr. Keyes."

We said that Mr. Keyes is a nice man, a good citizen, and an honest miller. Is this abuse?

We said that he was one of the most influential members of our town council. Is this abuse?

We asserted that he is an Englishman by birth. Is it abusive to say that?

We charged him with being the good guy, goody rep. candidate for Representative. It may be that our abuse of Mr. Keyes consists in stating this fact, and we are half inclined to think that it is abuse to parade a man like Keyes as a model Republican statesman.

We regret the continued absence from the editorial tripod, of our esteemed contemporary, Herr McClintock. Some weeks ago the noble Herr, made a lively paper. Of eight original paragraphs, seven were devoted to Green, one to Foraker, and none to Boss Brooke. For this evidence of liver-tore the Boss has been placed under instruction from the flatulent Brown, who has been qualifying for journalistic work, by a diet of beans. Boss Brooke has a fear of fish diet. He stands in with the windy Brown.

Last Saturday we took in more money than any day for the last 12 months, more than we have got in a month within that period. The hard times are about over. Our merchants all did a good business on Saturday. Times will be hard hereafter only to men who won't work, or who have nothing to sell.

The last week of Mr. West's term in office, he disbursed about \$30,000 to the various township treasurers. The money goes to paying local in debt, debtors, teachers, supervisors, contractors, etc., and its circulation among the people is already making times better.

The First Bank of Logan does business as a bank. Its customers and depositors are not annoyed nor embarrassed with banter, nor brag, nor pressure from politics. The gentleman of the bank have their political views, which they fearlessly and manly express on proper occasions and in proper places. They do not put political pressure on their checks, in the schools, in society, nor in the bank.

The funeral of Mrs. Nixon, wife of Mr. Dan Nixon, Superintendent of the Infirmary, on last Tuesday was impressively sad. The neighbors for miles around came sorrowing to pay a last tribute to a good woman. The minister delivered an earnest, eloquent and appropriate sermon. The bereaved husband, suffering in sickness, and the child, mourning a mother, were subjects of hearty sympathy. It was affecting to witness the unrestrained grief of the unfortunate inmates of the institution, to whom Mrs. Nixon had not only been Matron, but a Mother.

The funeral was one of the largest ever witnessed in the county, attesting the high esteem in which the deceased was held by the community.

Lieutenant Davenport, local of the Gazette, in attempting to correct a mistake in Dr. Rainey's name last week, made three errors, mistakes each more than the one proposed to be corrected. The Lieutenant has evidently abandoned fish, and taken to beans.

Mr. John Shurt has grown a pie pumpkin on his lot in Murphyboro, that beats any we have seen this season. He loaded it on a wheelbarrow, and went out last Monday to find Ben Trimmer.

## Fire.

On last Tuesday, Frank Myers' stable burned. The fire is supposed to have been started by some careless boys, who were playing hooky. The bucket brigade was promptly on time and saved Col. Pempel's adjacent property.

ESTRAY NOTICE.

Mr. John H. Ball has lost a steer, white and red spotted. The animal is 2 years old, and can easily be identified. Mr. Ball will give \$5.00 reward to any one who will return him the animal.

Obituary.

Sarah Nixon, wife of Daniel Nixon, and Matron of the Hocking County Infirmary, died Sept. 13th, 1885, of Malarial fever. Her maiden name was Sarah Dennis. She was born Feb. 4, 1832, was married to Daniel Nixon, March 29th, 1849. She was the mother of three children, two daughters and one son, all of whom, together with the sorrowing husband, survive her, and mourn their loss. She was a devoted and faithful wife, kind and affectionate mother. In her death the Infirmary loses one of its best Matrons, her family an irreparable loss, the neighborhood a kind and accommodating neighbor. Fell disease struck her down while yet in the vigor of mature womanhood, for she was only in the 54th year of her age.

An appropriate funeral discourse was preached at the Infirmary by Elder W. H. Hickman, of New Lexington, and pastor of Scotts Creek Church, after which her remains were followed by relatives and friends to the Scotts Creek burying ground, where her remains were deposited to await the resurrection day.

Saint Mike Willard learned the trade of making brooms. He has turned statesman, and rides about the county, telling how bad Democrats are. St. Mike is as good as he is great.

'Squire Bill Lehman, one of the prominent farmers of Ward, presented us with some very excellent apples, of the Wine Sap variety, which were larger in size and more delicate in flavor than any we saw at the Fair.

Superintendent McBride, will, if necessary, charter a boat and send the Home Guards who pursued Morgan, to Nelsonville on next Thursday, so hear Gov. Hoadly.

Col. Jim Poston will be here next week to hold a reunion of the Home Guards who came out to fight Morgan, and will then come again to Nelsonville. This time to meet our Democratic Governor.

Prosecuting Attorney Eberhauser did not persecute the miners of the Hocking Valley. Bob Keyes by his talk and John T. Norris by his arbitrary course, approved by Keyes, did annoy and outrage me and my vote.

Bob Keyes has not yet published his naturalization papers. Why not the Englishman do so?

When the Columbus Journal and Cincinnati Commercial Gazette print burlesque comic pictures of Gov. Hoadly, it is very funny. The St. Keyes followers double up in glee as though in cramp colic. But when the Sentinel gives them a touch, they are shocked. We will continue shocking them.

Post master Shunk of Carbon Hill, has our thanks for a club of twenty Sentinel subscribers. The benefit of having Democratic postmasters is manifest, very manifest, to the Democratic papers.

The Monday Creek mines should take a holiday next Thursday and go to Nelsonville and hear Governor Hoadly.

John Hanson has been employed by the heirs of Kline, lately deceased, in Sandusky county, to set aside the will. The property amounts to over one hundred thousand dollars.

Miss Dot Rannels, a charming young lady of McArthur, is visiting Miss Lulu Rambo of this city, this week.

Mr. Joe Hull, who has been very sick with the malarial fever, is getting well.

Mr. G. Biehart and wife have returned from a very pleasant visit to the Fatherland.

Capt. Clowe, one of the gallant soldiers of the 62nd O. V. L., was elected Vice-President of the Society, at the Regimental Reunion in Zanesville, last week.

Mr. Rufus Reber has taken an engagement with the wall paper house of Glock & Buck, of Columbus, to canvass for their goods, and will start on a trip through the Southern States next week. Rufus, is one of our most esteemed, and most popular young business men of Logan, and whilst we regret his departure, we tender to him our best wishes for a happy time and a trip of profit to himself and his employer.

## Washington Items.

The United Sunday School Convention held at Mt. Pleasant on the 11 and 12 was a grand success. It was well attended by both old and young.

Miss Frankie Redick is going to start to the far West soon to visit her brother Burt.

Rev. Mark delivered his last sermon at this place, for this year, last Sunday. He is a splendid minister and we shall be glad to have him stay with us the coming year. He has done more toward building up the Circuit than any minister we have had for many years and if he should be changed, we shall miss him very much. Jumbo.

On the day of the Republican County Convention, Leblouis Carroll, a statesman from Perry township, asked and received money from a Republican candidate. This, under the law of last winter is a penitentiary offense. Leblouis, who is riding the county, telling what a bad man our Democratic candidate is, may be checked in his wild career. He can be made of more use to the State, than to Bob Keyes.

The vegetable department of Johnny Franks' Grocery is equal in quality to any at the Fair, while his Groceries are fresh and of the best quality. We can recommend him to our readers for Groceries and Provisions, Butter and Eggs of the best quality.

The Democratic Executive Committee have rented the room in the City Building formerly occupied by the W. C. T. U. It is proposed that the Hock-Hocking Hickory Club will occupy the room also, and will make it a Democratic Reading Room.

Hardesty's Encyclopedia. Historical and Geographical.

ILLUSTRATED.

The Most Valuable & Important Work of the Age.

The publishers of the educational and historical work known as Hardesty's Historical and Geographical Encyclopedia (military edition) offer a revised and complete edition of that valuable work in connection with a military history of the State.

This Encyclopedia is emphatically an American production, for the use of the American statesman, and the student; the scholar's book of reference, and a useful, charming companion for the family. It covers the time from the period when the red man ruled with undisputed sway over this now populous land down to the present year, and has been prepared by competent historians and statisticians, who gathered their facts and data from the best and most authentic sources.

A Special Edition for your County, should we meet with sufficient encouragement to warrant its publication, will contain a department devoted to a record of its part in the suppression of the Rebellion. This record will be the active service of its boys in blue on the field, and will be gathered not only from newspaper clippings which were written in editorial sanctuaries safely distant from the whistling of the bullets, but from the reminiscences gathered by our historians from the ex-soldiers themselves.

We intend to give as complete a record as we can obtain from your county in that war. Its value will depend on its accuracy, and that can be best secured by the co-operation of those who participated in the drama of the war, and in whose memories its events are living facts. Our local historians are now in your county compiling such a record, and we ask for the assistance of all who were participants in that war, or from whose homes went their loved ones to offer up their lives on the altar of patriotism.

We solicit the interest of Post Commanders, A. R. and Commanders, and with their assistance will give in this department a history of the Posts of the county for their organization to the present year.

Our local historian is instructed to visit every ex-soldier living in the county, and the relatives of every deceased soldier, and compile for this history the record of each one.

We solicit your careful examination of the sample that will be submitted to your inspection by one of our assistant county historians.

Mr. Washburn will be in our county for the next two weeks, and will solicit subscriptions and requests information. We most cheerfully recommend the work to our readers.

Ask the stylish young men around town who cuts their garments.

Stockton teacher to a boy in grammar class—John, correct the following sentence: It is very cold. John, as he wipes the perspiration from his forehead with his shirt sleeve—it is darned hot.

Reber & Co. have a full supply of School Books, Slates, Copy Books, Paper, Pens, Ink, in fact everything that pupils need. They are selling their stock cheap and make presents of pictures with every article sold.

If you need a good cheap suit of Clothing, or Overcoat, call on Frank Blasius.
